Maximum Operating Pressure:

3000.0 pounds per square inch

Furnished Items:

Valve

Overall Height:

14.880 inches

Cross Section Outside Diameter:

4.155 inches

Specific Gas For Which Designed:

Air

Identification Designator:

Part number 4200-4

Cylinder Style Designator:

Cylindrical type

Manufacturer Name:

Snap-tite, inc.

Shatterproof Feature:

Included

Capacity Rating:

15.000 cubic inches

Neck Thread Location:

Internal

Neck Closure:

Provided

Manufacturer Address:

Union city, pa

Functional Classification:

Intended to hold compressed air

Thread Size And Series/type Designator:

1.3125-12 unj

Fsc Application Data:

Dispenser, riot control agent, portable, xm33

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T162-b
