Maximum Operating Pressure:				
1800.000 pounds per square inch				
Department Of Transportation Cylinder Identifying Number:				
3aa1800				
Overall Height:				
19.250 inches				
Cross Section Outside Diameter:				
6.922 inches				
Identification Designator:				
No. 840221				
Cylinder Style Designator:				
Cylindrical type				
Manufacturer Name:				
Walter kidde and co, inc				
Shatterproof Feature:				
Included				
Cylinder Style Designator:				
3				
Interstate Commerce Commission Identifying Number/d:				
3aa1800				
Part A Color Code:				
Part A Color Code: Green				
Green				
Green Part B Color Code:				
Green Part B Color Code: White				
Green Part B Color Code: White Part C Color Code:				
Green Part B Color Code: White Part C Color Code: Green				
Green Part B Color Code: White Part C Color Code: Green Body Color Code:				
Green  Part B Color Code:  White  Part C Color Code:  Green  Body Color Code:  Green				
Green Part B Color Code: White Part C Color Code: Green Body Color Code: Green Color Coded Gas Type:				
Green Part B Color Code: White Part C Color Code: Green Body Color Code: Green Color Coded Gas Type: Oxygen				
Green Part B Color Code: White Part C Color Code: Green Body Color Code: Green Color Coded Gas Type: Oxygen Capacity Rating:				
Green  Part B Color Code: White  Part C Color Code: Green  Body Color Code: Green  Color Coded Gas Type: Oxygen  Capacity Rating: 514.000 cubic feet				
Green  Part B Color Code:  White  Part C Color Code:  Green  Body Color Code:  Green  Color Coded Gas Type:  Oxygen  Capacity Rating:  514.000 cubic feet  Neck Thread Location:				
Green Part B Color Code: White Part C Color Code: Green Body Color Code: Green Color Coded Gas Type: Oxygen Capacity Rating: 514.000 cubic feet Neck Thread Location: Internal				
Green  Part B Color Code: White  Part C Color Code: Green  Body Color Code: Green  Color Coded Gas Type: Oxygen  Capacity Rating: 514.000 cubic feet  Neck Thread Location: Internal  Neck Closure:				
Green  Part B Color Code:  White  Part C Color Code:  Green  Body Color Code:  Green  Color Coded Gas Type:  Oxygen  Capacity Rating:  514.000 cubic feet  Neck Thread Location:  Internal  Neck Closure:  Not provided				
Green  Part B Color Code: White  Part C Color Code: Green  Body Color Code: Green  Color Coded Gas Type: Oxygen  Capacity Rating: 514.000 cubic feet  Neck Thread Location: Internal  Neck Closure: Not provided  Manufacturer Address:				
Green Part B Color Code: White Part C Color Code: Green Body Color Code: Green Color Coded Gas Type: Oxygen Capacity Rating: 514.000 cubic feet Neck Thread Location: Internal Neck Closure: Not provided Manufacturer Address: Muncie, ind
