Maximum Operating Pressure:

Not rated

Overall Height:

48.500 inches

Cross Section Outside Diameter:

24.200 inches

Cylinder Style Designator:

Tubular type

Shatterproof Feature:

Included

Cylinder Style Designator:

4

Part A Color Code:

Green

Part B Color Code:

White

Part C Color Code:

Green

Body Color Code:

Green

Color Coded Gas Type:

Oxygen

Capacity Rating:

1800.000 cubic inches

Neck Thread Location:

Internal

Neck Closure:

Not provided

Special Features:

1 anpt

Thread Size And Series/type Designator:

1 anpt

Fsc Application Data:

Aircraft oxygen systems

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T162-b
