**Maximum Operating Pressure:**

2015.0 pounds per square inch

**Department Of Transportation Cylinder Identifying Number:**

3aa1800

**Overall Height:**

26.750 inches

**Cross Section Outside Diameter:**

7.344 inches

**Specific Gas For Which Designed:**

Air

**Cylinder Style Designator:**

Cylindrical type

**Shatterproof Feature:**

Included

**Cylinder Style Designator:**

3

**Interstate Commerce Commission Identifying Number/d:**

3aa1800

**Capacity Rating:**

853.000 cubic inches

**Neck Thread Location:**

Internal

**Neck Closure:**

Not provided

**Special Features:**

1 anpt

**Thread Size And Series/type Designator:**

1 anpt

**Fsc Application Data:**

Truck, fire, crash, forcible-entry, type r-2a

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T162-b
