**Maximum Operating Pressure:**

3000.0 pounds per square inch

**Furnished Items:**

Plug

**Overall Height:**

Between 10.370 inches and 10.380 inches

**Cross Section Outside Diameter:**

Between 4.420 inches and 4.430 inches

**Cylinder Style Designator:**

Cylindrical type

**Shatterproof Feature:**

Included

**Part A Color Code:**

Black

**Part B Color Code:**

Green

**Part C Color Code:**

Black

**Body Color Code:**

Black

**Color Coded Gas Type:**

Air

**Capacity Rating:**

100.000 cubic inches

**Neck Thread Location:**

Internal

**Neck Closure:**

Provided

**Supplementary Features:**

End item c-5b aircraft

**Thread Size And Series/type Designator:**

1.0625-12 3b unj

**Specification Data:**

81349-mil-r-8573 government specification

**Specification Or Standard:**

A class and 1000 designator and 30-45 type

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T162-b
