

View Online at <https://aerobasegroup.com/nsn/8120-01-399-3047>

**Special Features:**

DCOL-OR-COD-EDRE

**Supplementary Features:**

Bromochlorodifluoromethane dot 110a800w, 30.0 in. O/d by 81.5 in. Lg; 1 600 lb minimun water capacity; 2400 lb product capacity; 800 psig working pressure; two eduction tubes 0.5 in. Id.; 2 each valve couplings, thread 0.75 in.-14ngt; 2 each valves per superior valve co. Drawing 1214b1; 5 each fusible and 1 each spring load pressure relief devices with bonnet; head and shell material astm a-515-grade 70 carbon steel

**General Description:**

Bromochlorodifluoromethane dot 110a800w, 30.0 in. O/d by 81.5 in. Lg; 1600 lb minimun water capacity; 2400 lb product capacity; 800 psig working pressure; two eduction tubes 0.5 in. Id.; 2 each valve couplings, thread 0.75 in.-14ngt; 2 each valves per superior valve co. Drawing 1214b1; 5 each fusible and 1 each spring load pressure relief devices with bonnet; head and shell material astm a-515-grade 70 carbon steel

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

A23900
