Breathing Air Compressed Gas Cylinder - Page 1 of 1

View Online at https://aerobasegroup.com/nsn/8120-01-422-9711

Maximum Operating Pressure:
2216.0 pounds per square inch
Furnished Items:
Valve
Overall Height:
19.880 inches
Cross Section Outside Diameter:
6.650 inches
Identification Designator:
Part number 921050
Cylinder Style Designator:
Cylindrical type
Manufacturer Name:
Survivair
Shatterproof Feature:
Included
Capacity Rating:
45.000 cubic feet
Neck Thread Location:
Internal
Neck Closure:
Provided
Manufacturer Address:
Santa ana, calif.
Shelf Life:
N/a
Unit Of Measure:
Demilitarization:
No
Fiig:
T162-b
