Maximum Operating Pressure:
300.0 pounds per square inch
Furnished Items:
Valve
Department Of Transportation Cylinder Identifying Number:
4ba3000 or 4bw300
Overall Height:
27.000 inches
Cross Section Outside Diameter:
8.188 inches
Identification Designator:
Part number f20200006
Cylinder Style Designator:
Bottle type
Manufacturer Name:
Rotarex inc north america
Shatterproof Feature:
Not included
Part A Color Code:
Orange
Part B Color Code:
Orange
Part C Color Code:
Orange
Body Color Code:
Orange
Color Coded Gas Type:
Refrigerants
Capacity Rating:
57.000 pounds
Neck Thread Location:
Internal
Neck Closure:
Provided
Manufacturer Address:
Mount pleasant pa
Special Features:
Dual control single port valve nsn 8120-01-387-7812 fitted with a 3/8 in i.D. By 24.0 in lg. Polypropylene eduction tube and clamp for use with a 3/8 in i.D. By 24.0 in lg. Polypropylene eduction tube and clamp for use with a 3/8 in i.D. By 24.0 in lg. Polypropylene eduction tube and clamp for use with a 3/8 in i.D. By 24.0 in lg. Polypropylene eduction tube and clamp for use with a 3/8 in i.D. By 24.0 in lg. Polypropylene eduction tube and clamp for use with a 3/8 in i.D. By 24.0 in lg. Polypropylene eduction tube and clamp for use with a 3/8 in i.D. By 24.0 in lg. Polypropylene eduction tube and clamp for use with a 3/8 in i.D. By 24.0 in lg. Polypropylene eduction tube and clamp for use with a 3/8 in i.D. By 24.0 in lg. Polypropylene eduction tube and clamp for use with a 3/8 in i.D. By 24.0 in lg.
