Maximum Operating Pressure:

3000.0 pounds per square inch

Department Of Transportation Cylinder Identifying Number:

E-8162

Overall Height:

18.240 inches

Cross Section Outside Diameter:

5.310 inches

Specific Gas For Which Designed:

Nitrogen

Cylinder Style Designator:

Cylindrical type

Shatterproof Feature:

Not included

Body Color Code:

Gray

Capacity Rating:

29.200 cubic feet

Neck Thread Location:

Internal

Neck Closure:

Not provided

Neck Closure Siphon Flexibility:

Rigid

Special Features:

This item has a seamless 6061-t6 aluminum liner with a kevlar/epoxy overwrap

Thread Size And Series/type Designator:

1.3125-12 un

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T162-b
