**Maximum Operating Pressure:**

3000.0 pounds per square inch

**Department Of Transportation Cylinder Identifying Number:**

E-8162

**Overall Height:**

18.240 inches

**Cross Section Outside Diameter:**

5.310 inches

**Specific Gas For Which Designed:**

Nitrogen

**Cylinder Style Designator:**

Cylindrical type

**Shatterproof Feature:**

Not included

**Body Color Code:**

Gray

**Capacity Rating:**

29.200 cubic feet

**Neck Thread Location:**

Internal

**Neck Closure:**

Not provided

**Neck Closure Siphon Flexibility:**

Rigid

**Special Features:**

This item has a seamless 6061-t6 aluminum liner with a kevlar/epoxy overwrap

**Thread Size And Series/type Designator:**

1.3125-12 un

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T162-b
