# Maximum Operating Pressure:

3000.0 pounds per square inch

## Department Of Transportation Cylinder Identifying Number:

E-8162

## **Overall Height:**

18.240 inches

### **Cross Section Outside Diameter:**

5.310 inches

#### **Specific Gas For Which Designed:**

Nitrogen

#### Cylinder Style Designator:

Cylindrical type

#### Shatterproof Feature:

Not included

#### Body Color Code:

Gray

#### **Capacity Rating:**

29.200 cubic feet

#### Neck Thread Location:

Internal

### **Neck Closure:**

Not provided

### **Neck Closure Siphon Flexibility:**

Rigid

#### **Special Features:**

This item has a seamless 6061-t6 aluminum liner with a kevlar/epoxy overwrap

## Thread Size And Series/type Designator:

1.3125-12 un

#### Shelf Life:

N/a

#### Unit Of Measure:

---

## Demilitarization:

No

#### Fiig:

T162-b
