**Maximum Operating Pressure:**

300.0 pounds per square inch

**Furnished Items:**

Valve

**Department Of Transportation Cylinder Identifying Number:**

4bw300

**Overall Height:**

51.500 inches

**Cross Section Outside Diameter:**

30.000 inches

**Identification Designator:**

Part number 092396000002, part number 103x19-cl1

**Cylinder Style Designator:**

Bottle type

**Manufacturer Name:**

Ceodeux inc., superior valve co.

**Shatterproof Feature:**

Not included

**Part A Color Code:**

White

**Part B Color Code:**

White

**Part C Color Code:**

White

**Body Color Code:**

White

**Color Coded Gas Type:**

Dichlorodifluoromethane

**Capacity Rating:**

1190.000 pounds

**Neck Thread Location:**

Internal

**Neck Closure:**

Provided

**Manufacturer Address:**

Export, pa., washington, pa.

**Special Features:**

For use with specification quality material only; valve nsn 8120-01-316-2208 with education tube; stencil per mil-std101b; color code per ari pamphlet "n"; additional stencil "usps"

**Thread Size And Series/type Designator:**

3/4-14 ngt

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fig:**

T162-b
