Maximum Operating Pressure:

300.0 pounds per square inch

Furnished Items:

Valve

Department Of Transportation Cylinder Identifying Number:

4bw300

Overall Height:

51.500 inches

Cross Section Outside Diameter:

30.000 inches

Identification Designator:

Part number 092396000002, part number 103x19-cl1

Cylinder Style Designator:

Bottle type

Manufacturer Name:

Ceodeux inc., superior valve co.

Shatterproof Feature:

Not included

Part A Color Code:

White

Part B Color Code:

White

Part C Color Code:

White

Body Color Code:

White

Color Coded Gas Type:

Dichlorodifluoromethane

Capacity Rating:

1190.000 pounds

Neck Thread Location:

Internal

Neck Closure:

Provided

Manufacturer Address:

Export, pa., washington, pa.

Special Features:

For use with specification quality material only; valve nsn 8120-01-316-2208 with education tube; stencil per mil-std101b; color code per ari pamphlet "n"; additional stencil "usps"

Thread Size And Series/type Designator:

3/4-14 ngt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T162-b
