Maximum Operating Pressure:

800.0 pounds per square inch

Overall Height:

81.500 inches

Cross Section Outside Diameter:

30.000 inches

Specific Gas For Which Designed:

Dichlorodifluoromethane

Shatterproof Feature:

Not included

Part A Color Code:

Yellow

Part B Color Code:

Orange

Part C Color Code:

Orange

Body Color Code:

Orange

Capacity Rating:

1600.000 pounds

Neck Closure:

Not provided

Special Features:

Dot 110a800w; r-12, dichlorodifluoromethane; recovered material only; two induction tubes 0.75 in dia., 2ea valve couplings and six ea, pressure relief couplings; two valves per superior valve co.; drawing 1241b1; five ea fusible and one ea spring loaded pressure relief devices;

Thread Size And Series/type Designator:

0.75-14 ngt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T162-b
