Maximum Operating Pressure:

260.0 pounds per square inch

Overall Height:

51.000 inches

Cross Section Outside Diameter:

30.000 inches

Cylinder Style Designator:

Bottle type

Shatterproof Feature:

Not included

Capacity Rating:

1400.000 pounds

Neck Thread Location:

External

Neck Closure:

Not provided

Special Features:

5parts a, b, c and body color code is orange; identification designator p/n 1031x19-cl1; for use with recovered materials onlyp related gases/cylinders 6830-01-355-9758 and 6830-01-355-9759; nsn 8120-01-355-9762 is replaced by nsn 8120-01-531-2122;

Thread Size And Series/type Designator:

3/8-14 ngt

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T162-b
