Maximum Operating Pressure:

2015.0 pounds per square inch

Furnished Items:

Valve

Department Of Transportation Cylinder Identifying Number:

3aa-2015

Overall Height:

14.000 inches

Cross Section Outside Diameter:

5.250 inches

Specific Gas For Which Designed:

Argon and carbon dioxide and helium and nitrogen

Cylinder Style Designator:

Bottle type

Capacity Rating:

20.000 cubic feet

Neck Thread Location:

Internal

Product Name:

Inert gas cylinder

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T162-b
