**Maximum Operating Pressure:**

2015.0 pounds per square inch

**Furnished Items:**

Valve

**Department Of Transportation Cylinder Identifying Number:**

3aa-2015

**Overall Height:**

14.000 inches

**Cross Section Outside Diameter:**

5.250 inches

**Specific Gas For Which Designed:**

Argon and carbon dioxide and helium and nitrogen

**Cylinder Style Designator:**

Bottle type

**Capacity Rating:**

20.000 cubic feet

**Neck Thread Location:**

Internal

**Product Name:**

Inert gas cylinder

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T162-b
