Part A Color Code:

Yellow

Part B Color Code:

Orange

Part C Color Code:

Orange

Body Color Code:

Orange

Color Coded Gas Type:

Tetrafluoroethane

Special Features:

For use with recovered materials only

Special Test Features:

Type 1, size b, service pressure c, with the following modifications: service pressure 300 psig vs. 260 psi (table iv of federal spec. A-a-59666) volume of 538 c.l. (in3) . Valve a-a-59860, cid pin aa59860-049. Rotarex inc.P/n f21200005 dip tube

Supplementary Features:

In addition to standard stenciling, cylinder shall also be stenciled with the name tetrafluoroethane r134a and the statement recovered materials only

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T162-b
