Maximum Operating Pressure:

360.0 pounds per square inch

Specific Gas For Which Designed:

Nitrogen, dry

Manufacturer Name:

Pyro chem

Manufacturer Address:

One stanton street, marinette, wi 54143-2542

Spec/std Controlling Agency:

Pyro chem

Special Features:

This cylinder has a small amount of nitrogen and fm-200, extinguishing agent; end item: 343 l tank ship assembly dot

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T162-b
