Overall Height:

22.35 inches

Cross Section Outside Diameter:

6.88 inches

Cylinder Style Designator:

Bottle type

Shatterproof Feature:

Not included

Neck Closure:

Not provided

Product Name:

Composite cylinder

Special Features:

Full pressure; 4, 350 psid (300 bar) @ 15 degree celsius. Service pressure; 5, 426 psic (450 bar). Test pressure; 6, 525 (900 bar) service life; 15-years. Water capacity; 55- cu' (9.0 litre) min. Empty weight 11.50 pounds.

Material:

Carbon fiber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T162-b
