Maximum Operating Pressure:

1850.0 pounds per square inch

Department Of Transportation Cylinder Identifying Number:

3ht-1850

Overall Height:

29.500 inches

Cross Section Outside Diameter:

7.130 inches

Specific Gas For Which Designed:

Oxygen

Cylinder Style Designator:

Cylindrical type

Manufacturer Name:

Avox systems inc

Shatterproof Feature:

Not included

Part C Color Code:

Green

Capacity Rating:

76.5 cubic feet

Neck Thread Location:

External

Neck Closure:

Not provided

Manufacturer Address:

225 erie st, lancaster ny 14086

Product Name:

Basic cylinder

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T162-b
