Maximum Operating Pressure:

4500.0 pounds per square inch

Overall Height:

21.7 inches

Cross Section Outside Diameter:

6.97 inches

Specific Gas For Which Designed:

Air

Cylinder Style Designator:

Cylindrical type

Shatterproof Feature:

Not included

Body Color Code:

Red

Capacity Rating:

87.0 cubic feet

Neck Closure:

Not provided

Product Name:

9.0l carbon 300 bar cylinder

Material:

Carbon fiber

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T162-b
