Maximum Operating Pressure:

1800.0 pounds per square inch

Overall Height:

18.5 inches

Cross Section Outside Diameter:

5.265 inches

Cylinder Style Designator:

Bottle type

Product Name:

A-295 inflation bottle

Special Features:

Test pressure spig 3, 000, weight lb 13.25 nom, material a519 4130, internal cleaning alkaline-steam-nitrogen purge, vapor blast, zinc phosphate, specification dot3aa,

Material:

Steel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T162-b
