Ply Quantity:

2 or 3

Inside Width:

21.500 inches

Inside Length:

21.000 inches

Construction Type:

Tailor made

Environmental Protection:

Waterproof

Inside Depth:

9.000 inches

Design Form:

Rectangular

Construction:

Laminated

Creped Location:

All creped

Material:

Paper, laminated and asphalt

Specification Or Standard:

1 type and c grade

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T125-h
