Width:

0.750 inches

Thickness:

0.028 inches

Breaking Strength:

940.000 pounds

Design Type:

Nail-on

Perforation Feature:

Included

Content Within Each Unit Package:

100 lb

Basis Weight:

14.0 feet per pound

Material:

Steel

Material:

Steel

Surface Treatment:

Zinc alloy

Surface Treatment:

Zinc

Specification Or Standard:

1 class and 2 type and b finish and 1 grade

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T372-e
