Overall Length:

30.750 inches

Overall Width:

3.620 inches

Overall Thickness:

3.000 inches

End Application:

Cushion no. 13 for cnu 355/e container for harm agm

Special Features:

Has 5.000 in. Long and 2.000 in. Deep notch; has building board laminated on bottom offset to one side; water, flame and fungus resistance unspecified

Material:

Plastic, polyethylene foam

Material:

Plastic, polyethylene foam

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T125-e
