Overall Length:

30.750 inches

Overall Width:

5.000 inches

Overall Thickness:

3.600 inches

End Application:

Cushion no. 17 for cnu 355/e container for harm agm

Material:

Plastic, polyethylene foam

Material:

Plastic, polyethylene foam

Supplementary Features:

Has bonded on building board on bottom offset to one side; water, flame and fungus resistance unspecified

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T125-e
