Overall Length:

72.000 inches

Overall Width:

24.000 inches

Overall Thickness:

2.000 inches

Water Resistance Quality:

Included

Water Absorbency Rating:

Not rated

Flame Resistant Feature:

Not included

Fungus Resistant Feature:

Not included

Criticality Code Justification:

Zzzt

Special Features:

Bound fiber, flat sheet

Material:

Rubber synthetic

Specification Or Standard:

4 type or a class or 1 grade

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T125-e
