Overall Length:

30.750 inches

Overall Width:

24.250 inches

Overall Thickness:

5.000 inches

End Application:

Harm missile, agm-88

Water Resistance Quality:

Not included

Water Absorbency Rating:

Not rated

Flame Resistant Feature:

Not included

Fungus Resistant Feature:

Not included

Special Features:

Cushion no. 16 for cnu-355/e shipping and storage container

Material:

Plastic, polyethylene foam

Material:

Plastic, polyethylene foam

Supplementary Features:

Has 2 rectangle cutouts

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T125-e
