Overall Length:

36.000 inches

Overall Width:

24.000 inches

Overall Thickness:

1.000 inches

Water Resistance Quality:

Not included

Water Absorbency Rating:

Not rated

Flame Resistant Feature:

Not included

Fungus Resistant Feature:

Not included

Err Default:

Err default

Special Features:

Density is 2.3 pounds/cubic ft; compression, 50 percent deflection at rated psi; tensile strength is 45.0 psi; dissipates static electricity and cushions against impact; temperature range is minus 40.0 to plus 160.0 deg. F; color, pink

Material:

Plastic, polyethylene foam

Material:

Plastic, polyethylene foam

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T125-e
