Overall Length:

11.521 feet

Overall Height:

1.421 feet

Overall Width:

3.333 feet

End Application:

Aim-9p missile

Material:

Aluminum alloy, 6061

Material:

Aluminum alloy 6061

Shape:

Rectangular

Supplementary Features:

C/o a 200 lb bottom section with rubber gasget, built-in water lip and captive forklift entries and a 120 lb top section with a humidity indicator and pressure relief valve; holds 4 aim-9p missiles in an all-up-round configuration with wings and fins secured separately; cnu-324/e

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-e
