Overall Length:

179.750 inches

Overall Height:

31.000 inches

Overall Width:

31.000 inches

Window:

Not included

Special Features:

The container is a cnu-575/e mid-opening, reusable container of extruded aluminum construction. The container is designed to hold one (1) jsow all-up-round.

Material:

Aluminum

Material:

Aluminum

Shape:

Rectangular

Specification Data:

81349 as-5770 government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

Yes - demil/mli

Fig:

T358-e
