Assembly Method:

Nailed

End Application:

Projectile, 155mm, he, ra m549/m549a1

Special Features:

Length 29 inches, width 14.5 inches, height 9 inches

Material:

Wood

Material:

Wood

Specification Data:

Mil-a-2550 government specification and ansi-y14.5, 1973 government specification

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T160-b

Mil-std (military Standard):

Mil-a-2550 spec.
