Securing Device Type:

Latch

End Application:

New zealand lav tps p/n 7500001

Product Name:

Self test cover assembly

Special Features:

Applicable standards/specifications are dod-std-00100d and ansi y14.5m-1982; torque hardware 5-6.5 in lb

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-c
