**Mounting Surface Plane:**

Perpendicular

**Usage Design:**

Aircraft

**Accommodated Equipment Identifying Number:**

F-16 aircraft model no.

**Material:**

Plastic, polyethylene

**Material:**

Plastic polyethylene

**Shape:**

Rectangular

**Supplementary Features:**

Length 57.50 in.; height 20.45 in.; width 20.45 in.; consists of top and bottom sections; cargo tie strap; saddle cushions; end cushions; end caps; linear poly tube

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T358-e
