Mounting Surface Plane:

Perpendicular

Usage Design:

Aircraft

Accommodated Equipment Identifying Number:

F-16 aircraft model no.

Material:

Plastic, polyethylene

Material:

Plastic polyethylene

Shape:

Rectangular

Supplementary Features:

Length 57.50 in.; height 20.45 in.; width 20.45 in.; consists of top and bottom sections; cargo tie strap; saddle cushions; end cushions; end caps; linear poly tube

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-e
