Overall Length:

128.000 inches

Overall Width:

33.000 inches

End Application:

T39 aircraft

Special Features:

Used for the horizontal stabilizer; has a high graduating angle to accommodate component per to1t39a-3

Material:

Plywood

Material:

Plywood

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-e
