Overall Length:

108.000 inches

Overall Height:

96.000 inches

Overall Width:

88.000 inches

Mounting Surface Plane:

Parallel

Storage/shipment Condition:

Hermetically sealed

Window:

Not included

Accommodated Equipment Identifying Number:

Isu90rc one door type no.

Special Features:

220 usable cubic feet, provides storage and transport of temperature sensitive materials and perishable, operates with diesel fuel or electrical power, temperature range minus 30 to plus 70 degrees f., fda approved, operates on 208/230 volt 3 phase 60 hz or 440 volt 3 phase 50 hz. Epa approved collant,

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-e
