Overall Length:

108.000 inches

Overall Height:

96.000 inches

Overall Width:

88.000 inches

Mounting Surface Plane:

Parallel

Storage/shipment Condition:

Hermetically sealed

Window:

Not included

Accommodated Equipment Identifying Number:

Isu96 one door type no.

Special Features:

220 usable cubic feet, provides storage and transport of temperature sensitive materials and perishable items, temperature range minus 30 to plus 70 degrees f., operates on 208/230 volt 3 phase 60 hz., or 440 volt 3 phase 50 hz., epa approved coolant, operates on diesel fuel or electrical power

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-e
