Overall Diameter:

Inches

Mounting Surface Plane:

Parallel

Window:

Included

Accommodated Equipment Identifying Number:

F100 model no.

Special Features:

For packing rear compressor driveturbine rotor and stator, f100229 engine; has humidity indicator; relief valve; lift rings; record receptacle

Material:

Steel

Material:

Steel

Quantity:

2

Surface Treatment:

Paint

Shape:

Round

Surface Treatment:

Paint

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T358-e
