Overall Length:

30.000 inches

Overall Width:

24.000 inches

Mounting Surface Plane:

Parallel

End Application:

Afcs xxi fire control for m109a6 paladin 155mm howitzer

Window:

Not included

Accommodated Equipment Identifying Number:

12979825 drawing no.

Special Features:

Automatic pressure relief valve with 0.5 psig set point; zinc-plated brass humidity indicator with 40% indicator disc

Material:

Plastic, polyethylene

Material:

Plastic polyethylene

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-e
