Overall Length:

14.000 inches

Overall Width:

8.000 inches

Overall Thickness:

8.000 inches

Water Resistance Quality:

Not included

Water Absorbency Rating:

Not rated

Flame Resistant Feature:

Not included

Fungus Resistant Feature:

Not included

Err Default:

Err default and err default

Special Features:

Cushions are bonded together using heat fusion or adhesive. Bonding shall cover over not less than 90% of the contacting surface areas. Bonded areas shall have no signs of delamination. Adhesive for bonding shall be mmm-a-130type1; tolerances shall be 0 to less than 6 is 0.08, 6 to less than 12 is 0.075 and 12 to less than 24 is 0.12; 4 x chamfer 45 degrees x 0.80; 3 circular holes will be cut into foam 3.000 inches x 4.150 inches each

Material:

Plastic, polyethylene foam

Material:

Plastic, polyethylene foam

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T125-e
