Overall Length:

590.610 inches

Overall Height:

26.062 inches

Overall Width:

34.875 inches

Mounting Surface Plane:

Parallel

End Application:

Dry deck shelter

Special Features:

Consists of 5 parts, aft & forward fairings & 3 modules

Material:

Aluminum and fiberglass and plastic and steel, corrosion resisting

Material:

Aluminum and glass fiber and plastic and stainless steel

Surface Treatment:

Paint

Shape:

Irregular

Surface Treatment:

Paint

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fig:

T358-e
