Overall Diameter:

41.780 inches

End Application:

F100/220 engine

Accommodated Equipment Identifying Number:

+4078996 drawing no.

Product Name:

Plate

Special Features:

13 holes eq spaced over arc & loc within .010 r of true pos (each hole .328-.359 in dia), secured with screws, .5 in thick, part of container assembly p/n p49735 (nsn 8145-00-394-6562)

Material:

Steel

Material:

Steel

Surface Treatment:

Enamel

Surface Treatment:

Enamel

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-e
