Overall Length:

41.000 inches

Overall Height:

21.000 inches

Overall Width:

24.000 inches

End Application:

Pol storage equipment

Product Name:

5 gal containment system

Material:

Plastic, polyethylene

Material:

Plastic polyethylene

Shape:

Rectangular

Supplementary Features:

Holds cans secure with lid open locks cans in position with lid closed, units are stackable to 2 tiers (interlocking base to lid) gas, oil, fuel and weather resistant

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-e
