Overall Length:

22.500 inches

Overall Height:

17.500 inches

Overall Width:

19.000 inches

Window:

Not included

Product Name:

Shipping container insulated large

Special Features:

Durable molded shipper; twice the insulation value; lightweight; reusable; protects contents under moderate to extreme ambient temperature environments, from 48 to 72 hours for refrigerated products, 48 to 96 hours for frozen samples; can withstand crust compression to 5000 lbs.; large insulated box; endurotherm; military use

Material:

Plastic polyurethane

Shape:

Rectangular

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T358-e
