Overall Diameter:

Between 17.940 inches and 18.060 inches

Overall Thickness:

Between 6.810 inches and 6.930 inches

Water Resistance Quality:

Not included

Water Absorbency Rating:

Not rated

Flame Resistant Feature:

Not included

Fungus Resistant Feature:

Included

Product Name:

Top cushion assembly

Special Features:

Consists of top plate bonded by adhesive to insert and coated with anti-static solution

Material:

Plastic foam

Material:

Plastic foam

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T125-e
