**Overall Length:**

19.380 inches

**Overall Width:**

3.190 inches

**Overall Thickness:**

1.600 inches

**End Application:**

Heavyweight

**Water Resistance Quality:**

Not included

**Water Absorbency Rating:**

Not rated

**Flame Resistant Feature:**

Not included

**Fungus Resistant Feature:**

Not included

**Product Name:**

Radial insert, thin

**Special Features:**

Has 4 slots with 0.150 inch widths equally spaced. The two ends are cut at 45 degree angles and are parallel.

**Material:**

Plastic, polyethylene foam

**Material:**

Plastic, polyethylene foam

**Shelf Life:**

N/a

**Unit Of Measure:**

--

**Demilitarization:**

No

**Fiig:**

T125-e
