Overall Length:

19.380 inches

Overall Width:

3.190 inches

Overall Thickness:

1.600 inches

End Application:

Heavyweight

Water Resistance Quality:

Not included

Water Absorbency Rating:

Not rated

Flame Resistant Feature:

Not included

Fungus Resistant Feature:

Not included

Product Name:

Radial insert, thin

Special Features:

Has 4 slots with 0.150 inch widths equally spaced. The two ends are cut at 45 degree angles and are parallel.

Material:

Plastic, polyethylene foam

Material:

Plastic, polyethylene foam

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T125-e
