Overall Length:

14.380 inches

Overall Width:

11.000 inches

End Application:

Foam, transit case, mfrcu-alpha probe; cy-8718/pdq (0pu73), case, radiac set

Water Resistance Quality:

Included

Water Absorbency Rating:

High

Flame Resistant Feature:

Included

Fungus Resistant Feature:

Not included

Criticality Code Justification:

Agav

Product Name:

Inavy-foam, top

Special Features:

Material: unicellular polyethelene foam per a-a-59136, type 1, class 2 or 3 , grade d, color blue

Material:

Plastic, polyethylene foam

Material:

Plastic, polyethylene foam

Shelf Life:

N/a

Unit Of Measure:

--

Demilitarization:

No

Fiig:

T125-e
